

## **WARNING: CORONA VIRUS/COVID-19 RISK**

### **ASSUMPTION OF RISK, WAIVER AND RELEASE**

**CORONAVIRUS also known as COVID-19**, has been declared a worldwide pandemic by the World Health Organization. COVID-19 is reported to be extremely contagious. The United States Center for Disease Control and Prevention (CDC), the state of California and local health departments have recommended social distancing measures of at least six feet between people and have encouraged vulnerable people or persons with compromised immunities to avoid public gatherings and spaces. The medical knowledge and resulting restrictions and recommendations continue to evolve, but the virus is believed to spread from person-to-person contact and/or by contact with contaminated surfaces and objects and even possible in the air. People reportedly can be infected and show no symptoms and therefore spread the disease. The exact methods of spreading the disease and contraction are unknown, and there is known treatment, cure, or vaccine for COVID-19. Evidence has shown that COVID-19 can cause serious and potentially life-threatening illness and even death.
